April 8, 2010

Cheryl Hughes will serve as a panelist for the *EBIA* sponsored webinar, "Health Care Reform: A First Look for Employer-Sponsored Health Plans," on April 8, 2010 from 1:00 p.m. -2:30 p.m. ET. Far-reaching health care reform legislation has been enacted, changing the ground rules for employer-sponsored health plans. While many of the provisions will not apply until 2014 or later, some become effective as early as 2010 and 2011. This 90-minute web seminar will analyze this historic legislation and how it will affect employer-sponsored health plans in 2010 and beyond.
