

Project Northstar Annual School Supply Drive

Fall 2008

Project Northstar is a non-profit organization whose fundamental mission is to help children who are homeless or disadvantaged overcome barriers to a quality education, mainly through a tutoring and mentoring program. This Fall, Groom Law Group participated in Project Northstar's annual school supply drive. The supply drive helps get the kids ready for school and stock the tutoring sites. Groom was proud to donate a packed carload of supplies to the organization to help kick off another successful school year!
