

The Legal 500 US: 2009

Ten Attorneys Listed

June 2009

Groom Law Group is recognized as one of the top Employee Benefits firms in the 2009 edition of The US Legal 500: "According to clients, **Groom Law Group** is 'well known as a top boutique firm in this area' offering 'exceptional expertise in ERISA matters'. Comprising 60 attorneys all focused on benefits work, it is perhaps unsurprising that the firm has a breadth of expertise that some full-service competitors struggle to match. Clients are evidently impressed, saying 'the knowledge base is extraordinary. I don't think it would be possible to find a firm that knows more about ERISA', while another adds 'we feel like we're in a partnership with them'."
