

Alumni

The success of Groom is largely attributable to the exceptional talent that resides within the firm – both past and present.

From the first days of Groom opening its doors in 1975 – shortly after the passage of ERISA and from wherein the firm’s specialized practices are deeply rooted – Groom has been home to some of the nation’s best, most distinguished ERISA, employee benefits, health, and retirement attorneys and advisors. Burgeoning from a handful of attorneys in those early days to around 90 attorneys today, our success can largely be attributed to our colleagues who we have had the pleasure to work alongside and learn from over the years, both past and present.

The mission of the *Groom Alumni Network* is to formally establish lifelong connections amongst our former attorneys and advisors to retain strong collegial relationships, to support alumni in their professional journeys, and to provide alumni with dedicated firm educational resources and networking opportunities.

We invite all of our former Groom attorneys and advisors to:

- Join [Groom’s Alumni LinkedIn Group](#) to reconnect with past colleagues, form new connections, and strengthen existing relationship.
- Enjoy our Quarterly Alumni Newsletter, and find our most recent edition in your inboxes or [here](#).
- Share with us any updates you might have in your career or otherwise. Email us at alumni@groom.com.
- Reach out to us with any job opportunities at alumni@groom.com. We are always happy to look within our sizable network to help match candidates.
