In this webinar, we provide an overview of the top issues impacting the administration of health and retirement plans due to the coronavirus outbreak and related testing, treatment and leave. Our experts discuss issues that include:

- HIPAA privacy,
- Health Savings Accounts,
- Paid/unpaid leave,
- Health insurance and essential health benefits, and
- Stock fluctuations and retirement plans.

We also discuss the evolving response from state and federal agencies that impact health and retirement plans, including mandates from state departments of insurance, and federal disaster and other relief.
