Brem Foundation

**SERVICES**

In continued support of the Brem Foundation and its important work advocating for, providing access to, and educating women on the early detection of breast cancer, several members of Groom attended its 2024 Empower Hour Luncheon. Hosted on April 10, 2024 at the Conrad Hotel in Washington, D.C., the event brought together advocates and supporters in the fight against breast cancer.

The Brem Foundation and its work is vital and touches the lives of many, and has even closely impacted Groom. The foundation gave [Megan Friend](#), Groom's Director of Human Resources, the tools to effectively advocate on her own behalf with healthcare providers to detect and successfully treat breast cancer in its early stages. To hear her story and the story of many others, we share the following video:
