With a pending change in Administration, the balance of power in the Senate still up in the air, and yet another Constitutional challenge to the ACA pending, experts from Groom Law Group will be hosting a webinar to provide an overview of what to expect from the new Administration, Congress and the Courts. We will drill down on the President-Elect's health care plan and what legislative proposals Congress may act on or set to the side. We will also discuss the myriad of administrative actions that a Biden Administration could take without legislation that could affect health insurers and employers.
