Join [Christy Tinnes](#) and [Viv Hunter Turner](#) on Tuesday, September 24 from 1:00 – 2:00 p.m. ET as we highlight privacy issues that should be on your radar if you work with health plans. We will walk through practical approaches under the new HIPAA reproductive health care rules and provide updates on other trending privacy issues, such as new substance use disorder privacy rules under 42 CFR Part 2, SEC cybersecurity and FTC breach rules, state and federal comprehensive privacy laws, and the considerations on using tracking technology and AI.

To request access to the webinar, please [click here](#) or below.
