Through their authority to conduct audits on group health plans, the DOL sets specific priorities and identifies certain areas of focus to evaluate compliance. For health plans, the DOL has been very active in investigations for a number of issues under ERISA, including the Affordable Care Act, the Mental Health Parity and Addiction Equity Act, and the CARES Act.

In this webinar, our panel of experts will discuss strategies for navigating DOL health plan audits and investigations. Topics will include:

- Mental Health Parity
- Emergency Services
- Fee Disclosures
- COVID Testing
- Cross-plan offsetting
