In a *Strafford* webinar, principal [William Delaney](#) provided analysis of the recent wave of lawsuits filed against 401(k) plans and providers, discussing key issues, allegations and considerations. Covering *Intel Corp. v. Sulyma* and *Thole v. U.S. Bank N.A.* and subsequent, possible impacts on current and future litigation, the program specifically reviewed:

- What are the key allegations raised in 401(k) lawsuits, and what are the key defenses and avoidance strategies?
- How does the U.S. Supreme Court ruling in *Intel Corp v. Sulyma* impact claims and litigation tactics?
- What are the key takeaways of the Court's ruling in *Thole v. U.S. Bank* and what impact may this decision have on 401(k) litigation?
