On October 13, 2022, Groom principal [Xavier Baker](#) will be presenting, “Top Dos and Don'ts for Medicare Advantage organizations (“MAOs”) When Collecting Diagnosis Data for Risk Scores,” during the American Conference Institute’s Legal, Regulatory and Compliance Summit on Medicare Advantage event in Nashville, TN. The session will cover the parameters of MAOs using chart reviews and health risk assessments when assessing risk scores, and associated risk mitigation measures from a legal, and compliance perspective, including examination of the litigation landscape. Specifically designed to help MAO legal and compliance professionals, the in-person program will also be accessible via livestream.
