As economic fallout from COVID-19 continues to ripple through the economy, many employers are being forced to take steps to reduce labor costs, including furloughing and/or laying off large numbers of workers. Groom Law Group will host a webinar on Tuesday, April 14, 2020 at 2:00 – 2:30 p.m. ET discussing how those corporate actions impact qualified and non-qualified retirement plans and what actions plan sponsors and service providers may need to take.
